## Who We Are

### About Us

We are dedicated breeders passionate about pairing the right kitten with the right home. Our Bengals are raised in a loving environment that emphasizes health, playful personalities, and stunning markings. Our kittens are TICA registered and come from Bengals that are tested yearly for genetic disease to ensure a happy, healthy companion for your home.

### **Kitten Preparation**

We understand how stressful a new kitten is. We are here for you every step of the way! Here are a few recommendations, but if you need additional help, ask us about our instruction packet!

- Quarantine your kitten to a small room for adjustment period.
- Wait until after the first week to introduce other animals.
- Keep plenty of food and water available!

We try to make the transition as easy as possible, so every kitten comes home with a care package that includes a few days' worth of raw food, toys, a blanket, and a bed.

### **Breeder Information**

All Spotted Up is a member of TICA. Every breeder is tested for Hypertrophic Cardiomyopathy every 12-18 months, alongside being tested for genetic diseases through Wisdom Panel. All of our breeders' results can be found on our website.

### **Breeders For Sale**

Once our breeders are 6 years old, they are retired. Our retired breeders are sold after they heal from their spay/neuter. The price varies depending on their color and pattern, but the average is around \$800-\$1000. All cats come with up-to-date vaccinations, dewormed, micro-chipped, TICA registered, vet checked, spay/neutered, contract, and a care package.

### **Pricing**

**We give discounts to veterans, active military, and/or your 2<sup>nd</sup> or 3<sup>rd</sup> kitten!**
